

A screenshot of an IDE window with a dark theme. The top toolbar shows various icons for file operations and development tools. The tab bar at the top contains several open files: 'TextFileMod...', 'Test.java', 'Dog.java', 'Sum.java', 'Bicycle.java', 'Test.java', 'TestEncapsu...', and 'Encapsulate...'. The main editor area displays the code for 'TestEncapsulation.java'. The code is as follows:

```
1 package prog9;
2
3 public class TestEncapsulation {
4
5     public static void main(String[] args) {
6         // TODO Auto-generated method stub
7         Encapsulate obj = new Encapsulate();
8         obj.setName("Harsh");
9         obj.setAge(19);
10        obj.setRoll(51);
11        System.out.println("My name: " + obj.getName());
12        System.out.println("My age: " + obj.getAge());
13        System.out.println("My roll: " + obj.getRoll());
14    }
15 }
16
17
18
```
